# WHO WE ARE

Brockton Community Schools was founded in 1970 to provide community education, enrichment and recreation opportunities to children and adults throughout the city. In the past four decades, it has grown and evolved, serving thousands of children and adults in a wide variety of programs, from basketball leagues to sewing courses, English As A Second Language Instruction, GED preparation, automotive repair, yoga and computer classes. Community Schools also provides highly successful vacation and before- and after-school academic and enrichment programs for Brockton children, providing safe spaces and caring adults 12 months a year.

A division of the Brockton Public Schools, Community Schools is operated and staffed by highly-qualified professionals from the educational, business, sports and arts communities. The office is open throughout the year, and suggestions for new programs and ideas for how to improve our offerings are always welcome.

Community Schools currently oversees four major programmatic areas: academic support and enrichment programs for students, continuing education and ESL services for adults, and recreation and enrichment programs for the community.

Dear Resident,

For 42 years, Community Schools has provided residents of Brockton and the surrounding towns with educational and enrichment activities throughout the school year and summer. Our programs give children and adults an opportunity to have fun, learn and connect with their friends and neighbors in a relaxed setting. As always, our 2013 summer program opportunities for children are extensive.

Our Smart Start Extended Day program is a wonderful option for working parents: operated from 7 a.m. to 6 p.m. daily at the George School, Smart Start gives students a camp experience. Certified teachers oversee the program, which has a weekly theme, hands-on project learning, recreation, twice-weekly swimming sessions at the Manning Pool and a special field trip.

For young athletes, we offer a variety of programs that teach skill development and teamwork in tennis, basketball, baseball, baton, soccer, gymnastics, golf and cheerleading. Swimming and diving lessons are also offered through our Summer Aquatics program at Brockton High School and this year we've created the Investigating Nature and Digital Adventures camps for middle school students.

For our preschool and younger children, we offer a sports and games program that develops cooperative play; and the Mini Day Fun Camp, which incorporates arts and crafts with movement and play. Elementary and middle school children benefit from academic enrichment camps like Who Wants to be a Millionaire? and Summer Reading Adventures camp. Children interested in theater arts can also take advantage of our celebrated Act One Scene I theater camp.

As an arm of the Brockton Public Schools, Community Schools focuses on offering academic enrichment programs, including a Summer School for middle and high school students, an Adult Diploma program, ESL classes and remediation and skill development opportunities for students of all ages.

Our mission is to meet the needs of our community by offering an array of academic, enrichment and athletic opportunities that provide a valuable experience all summer long.

Please visit [www.brocktoncommunitieschools.com](http://www.brocktoncommunitieschools.com) for more information and to register online.

Sincerely,

A handwritten signature in black ink that reads 'Kathleen A. Smith'.

## SMART START EXTENDED DAY

The Smart Start Extended Day Program is a Brockton Public Schools academic and enrichment extension program offered through the Community Schools Office. The Extended Day program provides safe spaces, caring adults and a fun and interactive learning environment during the summer, school vacations and before- and after-school during the school year.

Staffed by certified teachers and other personnel, the Extended Day program is operated at 11 school sites during the school year, one school site during school vacations, and this summer will be held at the Manthala George, Jr. School. This fee-based program is a value to many working parents who want to make sure that their children are not only having fun, but learning during out-of-school time. Vouchers are accepted through PACE.

During the summer, Smart Start Extended Day provides Brockton children with a relaxed environment where they continue to build upon their year-round education through fun activities, crafts and recreational opportunities. Special events, themed activities and field trips are held throughout the summer. Students in Grades K-4 can take advantage of visits to the Manning Swimming Pool. Participants in Grades 5 and 6 take part in the Get Ready & Aquatics Programs at Brockton High School this summer. Students identified in need of academic support will also receive instruction from certified teachers at no extra cost!

## 21<sup>st</sup> CENTURY COMMUNITY LEARNING CENTERS

Part of the No Child Left Behind Act, the 21<sup>st</sup> Century Initiative is designed to improve academic achievement through out-of-school-time programs. The Brockton Public Schools has seven 21<sup>st</sup> Century Community Learning Centers whose functions are to enhance classroom learning in core subjects like English and math through academic support and enrichment. Students are identified by teachers and administrators and invited to participate in 21<sup>st</sup> Century programs, which align fun and interactive learning activities with the Common Core Frameworks in a way that makes skill building and academic reinforcement fresh and interesting.

During the summer, the 21<sup>st</sup> Century Community Learning Centers provide free academic support and enrichment programs to Grades 3-9 students through the Summer Success, M.A.L.L. and Academic Support programs. These 4-week programs are held Monday - Thursday and help students improve their language and math skills through hands-on learning activities. Free lunch and transportation are also provided.

Enrollment in 21<sup>st</sup> Century Community Learning Centers programs is based on teacher recommendations and demonstrated academic need.

### Cooperative Sports & Games (Ages 5-6)

This program for children entering kindergarten or first grade is geared toward improving gross motor skills and building socialization skills such as cooperation and good sportsmanship. Activities are conducted both in and outdoors and include modified sports (tee-ball and kickball), circle games, relays and other age-appropriate games. Held Tuesday, Wednesday and Thursday from 10:00 a.m. to 11:30 a.m. at the Baker School.

# ACADEMIC SUPPORT & ENRICHMENT

## ACADEMIC ENRICHMENT SUMMER CAMPS

During the summer, Community Schools provides fun and interactive opportunities for students to work on key skills in reading and math. These courses are geared toward children completing grades 2 through 5, and provide skill reinforcement, remediation and real-life applications of classroom learning in a creative environment. Students will have fun learning with their peers while preparing for the coming year of instruction. The programs will be held at the Baker Elementary School.

### Who Wants to be a Millionaire? Math Camp

Mastering math has never been so fun and exciting! Students will be aces in arithmetic at the end of a two-week session. Certified teachers will show students how much fun math can really be, demonstrating how addition, subtraction, multiplication and division have real world applications. Students will visit a bank vault, run a camp store, form a business and play the Who Wants to be a Millionaire game. Participants will develop more confidence and hone their skills, increase self-esteem and map futures through math.

### Summer Reading Adventures Camp Grades 2-3 Literature Camp

Dive into a sea of summer adventures and discover the wonderful world of reading. Explore summer activities through poetry, reader's theater and literature. Your child will be actively engaged in hands-on literacy experiences and foster a lifelong love of literacy.

### Grades 4-5 Reader's Theater/Summer Skits

Sink your teeth into summer reading by creating your own stories and skits. Explore famous authors and poets through book writing, reader's theater and other hands-on experiences.

**NEW THIS YEAR!!!**

## MIDDLE SCHOOL SUMMER PROGRAMS

Community Schools strives to provide quality programming for all Brockton youth; this year, we are expanding our offerings for middle school students. Recognizing that hands-on learning and first-person experiences provide the best opportunity for academic and social growth, our curriculum administrators have designed two exciting new programs at the Baker School for our middle school students.

### **Investigating Nature Camp** **Entering Grades 6-9**

Students entering Grades 6-9 will benefit from a interactive science camp that includes hands-on experiments, dissections, field trips and a visit from the New England Aquarium staff. Your budding scientist will have a chance to explore the scientific method and broaden their horizons, all under the supervision of licensed Brockton Public Schools educators. A can't miss experience!!

### **Digital Adventures** **Entering Grades 6-9**

Pack your bags, we're going on a digital adventure! Students entering Grades 6-9 will explore two exciting concepts through online visits while also taking part in hands-on activities at the Baker School.

#### **Session 1** **School of Rock**

We'll explore music technology through virtual field trips to Cleveland's Rock and Roll hall of Fame. We will also video conference with current artists working in the music industry! Students will have hands-on experience with digital music composition as well as music production, marketing and promotion.

#### **Session 2** **(Roller) Coaster through Summer**

We'll explore amusement park physics through hands-on exploration of theme park attractions. We'll construct our own model projects and take both virtual and actual field trips.

# Summerfest - Fun for All Ages

## Summerfest 2013

*A family celebration of the best that Brockton has to offer*

A mainstay of the 1970's and 1980's, Summerfest was designed as a way for Brocktonians to come together, to have fun with the whole family and celebrate the best of what the community has to offer. In 2011, the event was re-launched in celebration of the 40th anniversary of Brockton High School and Community Schools, and the response was overwhelming.

This year, Summerfest will be held Saturday, August 17th from 10 a.m. to 4 p.m. on the grounds of Brockton High School. There will be crafts, games and activities for children, food and music, swimming at the Manning Pool and wonderful opportunities to meet your neighbors and relax with friends. School PACs and PTAs will host games and activities; there will be activities with the Fuller Craft Museum, demonstrations by cheerleading and dance groups, and presentations by the Brockton Police and Fire Departments.

The Summerfest Committee is now seeking sponsors for this wonderful family-themed event. All contributions are tax-exempt through the non-profit Brockton Youth Foundation.
